

GIANT SCREEN EXPERIENCE

Continue the learning off-screen with The Henry Ford, and see what we have to offer that will engage and inspire the dreamer, doer, mover and maker in you.

Secret Ocean

Explore the source of life on this planet with the help of revolutionary underwater 3D cameras, then discover more innovations in film and environmental protection at The Henry Ford:

Henry Ford Museum of American Innovation™

- Try out the early moviegoing experience in the Nickelodeon Theater in [Your Place in Time](#).

Greenfield Village®

- Visit the [cabin](#) honoring agricultural scientist George Washington Carver, who advocated for new crops that would enrich both Southern farmers and Southern soils.

thehenryford.org

- Thomas Edison's 1888 patent for a device that could do "for the eye what the phonograph does for the ear" produced intense technological experimentation — and the development of the American film industry. Check out [early motion picture cameras and equipment](#), including Edison's and others, in our Digital Collections.
