Old Car Festival 2021 Participant Information

Summary

At the longest-running antique car show in America, you will be immersed in the moving stories of the early automotive era, perfectly set in the place where the history of the American automobile not only is passionately preserved, but also comes to life every day. From the turn of the century to the Great Depression, Old Car Festival in Greenfield Village offers a raucous ride of vehicles that epitomize the earnest optimism of the American Dream.

Generations of car owners share their passion with fans during this beloved tradition, showcasing an astounding array of restored vehicles in an authentic hometown setting that brings you right into a long-ago moment.

Wander through the Village and talk to owners about their treasured vehicles. The ongoing Pass-in-Review parade is a car lover's dream, as electric, steam and gas-powered engines are constantly in motion around you. Watch drivers engage in games of skill, see a Model T assembled in just minutes, or just sit back and enjoy our experts sharing "car talks" while historic vehicles cruise.

Ragtime America comes to life in the center of Greenfield Village with historically-inspired street food, music, dancing and even a cake walk. Plan to stay late Saturday evening for the Gaslight Parade of Cars, and dance along with popular music of the Ragtime era. Cap off the evening with a Dixieland-style parade and a fireworks finale.

Pass-In-Review:

During Old Car Festival, we have many presentations taking place at the Main Stage. These are narrated by our team of expert historians. Pass-in-Review is one such presentation. Our team in the field will notify participants when it's time to proceed to the main stage with their vehicle. Once at the stage, our automotive historians provide information about your vehicle type to the crowd of spectators. They will normally include unique and innovative features found on this model as well as any other include vehicle information you have included in the application.

The reviewing stand is located on *Main Street* at *Washington Boulevard*. Ample covered bleacher seating for guests will be located across from the reviewing stand. All times will be listed in the Program.

Activities:

Automotive Demonstrations - Will take place on Walnut Grove. These activities are designed to give our guests an idea of what early motoring was like. There will be narrated demonstrations on side-curtains installation, different forms of early lighting such as acetylene and propane lamps, as well as electric and steam cars.

Car Games - Will also be held on Walnut Grove. The games *really* give you an opportunity to show off your vehicle and your driving skills. They allow our guests to see you and your car in action in a fun setting and help put the "festival" into the event. We have scheduled the games to make it easy for you to get involved. All participants receive a ribbon for playing in the Car Games. You can participate as often as you like on either or both days, but you will receive only one ribbon.

Gaslight Tour - Beginning at 7:00pm as darkness falls, all are invited out into the streets of Greenfield Village for the Gaslight Tour. Whether its gas, kerosene, or early electric, all are welcome.

Special Event - Saturday, September 8, 2018 at 7 p.m. – Look for evening programing and event details on the website (<https://www.thehenryford.org/current-events/calendar/old-car-festival/>) closer to Old Car Festival weekend.

Other Activities - Please check your program for times and locations of other fun activities for the whole family.

Awards:

Popular Choice - Guests and vehicle owners cast their vote for their favorite vehicle by filling in the ballot using the participant number shown on the Dashcard displayed on your vehicle. One overall 1st, 2nd, and 3rd place awards will be presented on Sunday at approximately 4:30pm.

Curator's Choice - In the spirit of this museum-oriented approach to collecting and preserving our automotive culture, we present the "Curators Choice" award. This award will be presented to the car, truck, or motorcycle which, in the opinion of The Henry Ford's transportation conservation and curatorial staff, is the most original (unrestored) and in the finest state of preservation considering the age of the vehicle. This review has no bearing on whether a vehicle is accepted or denied participation in the event. Two Curator's Choice awards will be presented on Sunday.

Vehicle Class Judging - Judging during Old Car Festival uses a 400-point system. The winners in the judging competitions are almost always "restored" vehicles. Professional museums that collect vehicles, however, prefer to collect un-restored vehicles. The ultimate standard for museum collecting would be a vehicle with all of its original, un-restored surfaces and components in "as-new" condition. Although the standard is seldom obtainable, vehicles that approach it are the best expression of the standard against which cars are judged is the way they appeared and functioned when sold new from the dealer to the original owner. They are also an expression of the "material culture" of the time in which they were created, and, hence, provide the best permanent documentation of that period. Therefore, such vehicles are much sought after by museum curators. Judges examine the authenticity of the vehicle, the workmanship of all the restoration work, and the quality of maintenance performed by the owner. Then, using a 400-point judging system, they determine a first, second, and third place winner in each of the eleven (11) judging classes. From these winners, one (1) Grand Champion is chosen on each day of the Festival.

Judging starts at 10:00am and ends at approximately 2:00pm each day. You, or an authorized representative, must be at your vehicle when it is being judged in order to assist with opening hoods, etc. and to answer any questions the judges may have about the vehicle.

Tentative Schedule: Saturday – Vehicles dating 1919-1932
 Sunday – Vehicles dating 1896-1918 & Commercial Vehicles

All awards and ribbons will be presented on Sunday at approximately 4:30pm. Presentation will take place at the Pass-in-Review stand. If you believe you are in the running for an award, please be at your vehicle at 4:00pm. This will make it easier for our staff to locate you and give you the good news. Winners will be asked to drive their vehicles to the Pass-in-Review stand to receive the award.
