

Greenfield Village Buildings with Limited Accessibility

Whenever possible, wheelchairs are admitted into historic buildings in Greenfield Village. However, not all buildings can accommodate wheelchairs or motorized scooters due to the buildings' physical limitations. The entrances to the buildings listed below have limited wheelchair accessibility. If there is still a way to see a building's interior, hear the interpretation provided by its presenter, or hear its audio interpretation, this is included in the list below. Interior access for all buildings varies. Please call our on-site Contact Center at 313-982-6001 in advance of your visit if you have further questions or needs.
