1. Fold paper in half along a diagonal line from top right corner to bottom left corner.

2. Fold bottom edge up 1/2 inch.

3. Repeat step 2.

4. Slide thumbs along bottom edge to gently shape paper into a curve.

5. Take bottom right side and insert it in between folds of bottom left side.

6. Push each side in as far as possible to secure the connection.
7 With fingers, make slight indentation in top tips.

8 Make any adjustments, now you're ready to FLY!

**HOW TO HOLD**

**HOW TO FLY**

Hold Glider up with tips facing down. Pull your arm back about 45°, then extend your arm forward and release the plane once you've reached the angle shown in the diagram.
